WHAT IS ALERTCOPS?

A free mobile phone app that allows two-way communication between the citizen and the security forces

HOW DOES IT WORK?

How does it work? In the event of being victim of or witness to a crime, or finding yourself in anyway endangered, use your smartphone to send an alert that will be attended to rapidly and efficiently

STEPS TO FOLLOW AFTER DOWNLOADING ALERTCOPS

1

Register as a new user by providing your details and activating your GPS

2

You will receive an SMS with an activation code

3

In the icon menu, select the kind of alert you want to send

4

Before sending the alert, answer the questions that the system will pose via icons: What is the location of the alert? Who is the victim?

5

The security forces may contact you via Chat if more information is required
